ABOUT

I am a well-presented confident individual with more than a year of different, essential experiences in WEB DEVELOPMENT.
Through learning, I've practised and honed the most important skills for web development: designing, database and coding – and I'm ready to bring these to a new opportunity. I am looking for a new position as I am eager to gain new skills.

KEY SKILLS

- HTML5
- CSS
- SASS
- JAVASCRIPT
- NODE_JS
- MONGO_DB
- REACT_JS
- REDUX

Interests

I am a keen sportsman. I love going to gym, jogging, hiking and generally keeping fit. When the sun isn't shining, you'll find me inside watching old movies and programming – I'm currently working on a new project.
